- 1) I agree to pay my established fee of **\$ 35 or _____ per class by two hours prior to the start of the class** (Venmo/Zelle/Apple Pay/Cash). If I do not pay my fee I will not get a seat in the class that class and it may count as an absence and I will be charged an absence fee equal to my regular program fee.
- 2) I know I will **not** be considered completed with my financial commitment to Cornerstone if I do not pay all fees in full. I know I need to call **at least 24 hours** prior to missing a class or I will be charged **\$45** for that absence due the next day. Additionally, individual classes may be an option with approval from Cornerstone, Probation, and/or Courts. Fee for those is **\$100 per class**.
- 3) I understand my regularly schedule program is held on zoom and I need to complete at least one class per week. I know that I am expected to attend a minimum of **52 classes unless some other amount is specified via Court or Probation**.
- 4) Internet/Wifi/Zoom/Phone issues that prevent you from properly attending a class will need to be investigated to see if those will be counted or be excused. No Refunds will be issued if your class is no longer needed by Court or Probation.
- 5) I agree to allow ALL Probation Staff to monitor, participate and make notes of my class (observing the Cornerstone staff) and I will participate as per the rules. I also agree to allow the contents of my case file to be reviewed by the Ventura County Probation Department representatives if I am on Probation. If not on Probation, you will be given the option to take an excused absence.
- 6) I know that recording of any class is prohibited.
- 7) I know that I need to pay for Progress reports. Fee is \$35 for a report with 48 hours or more notice and \$70 for a report with less than 48 hours notice. Probation Officer requested reports will be FREE of charge.
- 8) I know I must demonstrate motivation to change the violent and coercive behavior. I agree to attend program classes **free of chemical influence** unless previously approved by the group facilitator. If, however, you become involved in legal proceedings that require my participation, you will be expected to pay for all of my professional time, including preparation and transportation costs, even if I am called to testify by another party. Because of the difficulty of legal involvement, I charge \$300 per hour for preparation, travel, and attendance at any legal proceeding.

Batterers Program Treatment Goals:

The goal of the batterers program is to end the abusive behavior. This shall be achieved by confronting and dispelling the individual batterer's justifications for the use of violence within the relationship. Particular attention should be paid to the belief systems that promote the use of intimidation, violence and coercion against intimate partners and children. Cornerstone's program curricula include the following themes, as specified in Penal Code Section 1203.097 (c)(1)(F), with cultural, ethnic, sexual orientation and class sensitivity.

- gender roles
- socialization
- the nature of violence
- the dynamics of power and control
- the effects of abuse on children and others

These themes shall be presented through education and group interaction for a thorough exploration and understanding of the following:

1. The specific elements of a violent incident and the forms of abuse including physical, emotional and sexual abuse, economic manipulation or domination, property destruction, terrorist threats, and acts jeopardizing the well-being and safety of children and other family members or friends.
2. Abuse, battering, and domestic violence as defined in this document.
3. Techniques for achieving non-abusive, non-controlling attitudes and behavior.
4. The batterer's intent to obtain power over and control of an intimate partner and how the use of violence and coercion achieves that intention.
5. The willful decision, not "the loss of control", to act violently.
6. Victim blaming, denial, minimizing, and other techniques for justifying the use of violence.
7. Beliefs that facilitate legitimize and sustain abuse and inhibit desistance including misogyny and entitlement/ownership of intimate partners.
8. The support and perpetuation of abuse based on traditional gender roles and privilege.
9. The unacceptable excuse of violence as a cultural norm.
10. The rationales of both majority and minority ethnic cultures, which provide support for denying and minimizing domestic violence, and which prevent widespread community condemnation of the violence.
11. The connections and similarities between domestic violence and racist oppression imposed by the dominant culture.
12. The batterer's identification of all abusive conduct, the pattern of that conduct, and the cultural supports that legitimize or excuse both individual acts and the larger pattern of battering.
13. How heterosexist and homophobic beliefs, attitudes, and behavior contribute to oppression, dominance and control.
14. The destructive impact the use of violence creates upon self esteem, affection, and upon the perceptions of adult and child victims and witnesses of domestic violence.
15. The impact of battering on children and the incompatibility of violence and abuse with responsible parenting.
16. The adverse legal and social consequences imposed for abuse and battering including any violation of the terms of a criminal or civil restraining order.
17. How substance abuse does not cause violence but may substantially increase the risk of injury to victims. The risk of lethality is increased both during intoxication and withdrawal from substances.
18. How childhood events cannot be used to explain, excuse, or condone a batterer's present use of violence.
19. The erroneous concept of inter-generational inevitability of violence without denying the significance and pain of childhood experiences of violence.

I understand English and have read and agree the above terms and conditions.
